

**NSCCT Call to Action**  
**Re: Website Committee**

28 June 2018

Dear Counselling Therapist,

The current design, content and function of our college website is due for review and updating. We are currently looking for members of the college who would be willing to participate on a website committee that would see this task through to completion. Although knowledge of web design would be a great asset, we are hopeful that any member of the college who has an interest in this area would put their name forward.

Kyla Friel RCT, has agreed to chair the committee. Kyla currently serves on the board of directors and has education and experience in public relations. Should you have an interest in being a part of this project, please contact Kyla. As stated in previous communications to the membership, we only have ourselves to do this form of work and to this end the rate of growth of our profession is contingent on the willingness of the membership to engage in such committee work.

Should be willing to participate in this endeavor, please contact Kyla Friel at [kyfriel@gmail.com](mailto:kyfriel@gmail.com) or call her at 902-403-1767.

With much thanks for your consideration,

Joe Bishara RCT  
Past Chair
