POLICY

All Registered Counselling Therapist Candidates must complete a post-graduate period of counselling practice under the supervision of an approved RCT, consisting of no less than 2000 total counselling hours including a minimum 800 hours of *direct* client contact time and a minimum of fifty (50) hours direct supervisor-candidate contact. The candidacy supervision period extends from a minimum two (2) years, to a maximum five (5) years from the date of registration as an RCT-C.

“Direct” supervisor-candidate contact is defined as real-time, face-to-face consultation in-person or by way of secure videoconferencing.

Should a Candidate require an extension to the Candidacy Period, a written request to the Registrar must be made at least sixty (60) days prior to the scheduled end-date of the period. The request must be in writing, signed by both the candidate and supervisor and include reasons for the extension as well as the anticipated length of additional time required.

Candidates are responsible for arranging their own qualified Supervisor by: 1) selecting and securing the agreement of a supervisor meeting the eligibility criteria listed below; or, 2) selecting from a list of pre-approved Supervisors. See Policy S-

03.0: *Schedule of Approved Candidacy Supervisors* for a list of currently approved supervisors. In either case, Candidates are responsible for all costs associated with retaining an approved Supervisor for the duration of their candidacy period.

During the candidacy period, each Candidate will be permitted only one Supervisor prior to the satisfactory completion of the first 20-hour reporting period. When done explicitly for educational benefit, a candidate may (with the agreement of all parties and approval of the Registrar), 1) change supervisor, or 2) include one *co-supervisor* to assist for the duration of the candidacy period.

Note: Group supervision becomes an option following the completion of a satisfactory 35-hour supervision report in accordance with Policy SC-04.01: *Group Supervision*.

In the event that the approved Supervisor is unable to continue providing supervisory support to the Candidate prior to completion of the prescribed Candidacy Period, the Candidate will inform the Registrar immediately. The Registrar will assist the Candidate in navigating the process to replace a supervisor (see Policy SC-04.3: *Change of Supervisor During Candidacy Period* and Form F-07.0).
